## Multi-Modal Safety

TSI's Multi-Modal Safety Division offers a wide variety of safety training development, delivery, program management, and technical assistance services. We specialize in 49 CFR (i.e., Hazmat, FMCSR's, Part 40) regulatory compliance. Our target audience is federal, state, and industry personnel across multiple modes of domestic and international transportation.

### Expertise:

- *IATA, Cargo Tanks, Explosives, IMDG and Radioactive Materials*
- *Motor Carrier Compliance*
- *Operational Risk Management*
- *Enrollment and Fee Collection*
- *Event Scheduling and Planning*

## Transit Safety & Security

TSI's Transit Safety and Security Division serves as the primary training provider for the Federal Transit Administration (FTA), Office of Safety and Security. The division provides transit rail and bus training to agencies to ensure employees operate with high standards of safety and security while contributing toward a system of greater mobility for the American public.

### Expertise:

- *Certification - Transit Supervisor, Alternative Fuel Cylinder Inspection, Safety and Security*
- *System Safety - Rail, Bus and Industrial*
- *Collision Investigation - Bus and Rail*
- *Security - System, Emergency Management, Explosives, Hijacking and Crime Prevention*
