

## About TSI-

The Transportation Safety Institute (TSI) is one of the nation's outstanding training organizations. TSI is a part of the U.S. Department of Transportation (DOT) and was initially created in 1971 to support DOT's mission of ensuring safety and security in the nation's transportation system.

TSI is dedicated to the development and delivery of state-of-the-art training programs to meet the growing demands of the transportation industry. With over 740,000 students trained since 1971, TSI has made major contributions to promote and improve transportation safety for the traveling public, nationally and internationally.

TSI training courses are conducted by a staff of dedicated professionals who have practical experience in the material being presented, technical/regulatory expertise in the subject area, and extensive instructional/adult education backgrounds.

## Are you in Compliance with the LAW?

Our courses provide the regulatory compliance skills needed for businesses or individuals involved with the operations of commercial motor vehicles.
